

## ***Greetings from GKCEM***

*We have great pleasure in sharing the information that Teachers' Day was observed on 5/9/2017 by the students of GKCEM, Baruiapur to remember the contribution of Dr. Sarvapalli Radhakrishnan as a great educationist and also to pay respects to their teachers.*

*The program was flagged off by Prof. (Dr.) Subhasis Sengupta, Director (GKCEM) who based his opening speech on the significance of Teachers' Day. Dr. Debayan Mandal, Principal (Actg.) gave a very interesting backdrop on the formation of Teachers' Day. This was followed up with appropriate addresses by departmental HODs.*

*The cultural program had a nice collage of segments consisting of songs, recitations etc. rendered by the students. Some faculty members also overcame their inhibitions and urged by the students, showcased their talents in various fields. This was followed by a cake-cutting ceremony in which all the faculty members participated.*

*As a token of their respect and appreciation, rosebuds and gifts were presented by the students to all faculty members*

*Some photographs from the celebrations are attached herewith.*
